

**Form 2A – Declaration and certification made by a structural engineer or civil engineer and geotechnical engineer or engineering geologist in relation to a site classification report**

DA Number: \_\_\_\_\_

To be submitted with structural design forming part of an application for a construction certificate

This form must be attached to the structural documentation accompanying any submission of a construction certificate to the certifying authority for determination, for a development proposed outside the “G” line. The applicant must issue a copy of the structural documents and signed form 2A to the geotechnical engineer who prepared or technically verified the site classification report for the development application now requiring a construction certificate. This form is only required where structural recommendations were provided in a site classification report.

**Please contact the Alpine Resorts Team in Jindabyne for further information – phone 02 6456 1733.**

To complete this form, please place a cross in the appropriate boxes  and complete all sections.

**1. Declaration made by structural or civil engineer in relation to a site classification.**

I,

Mr  Ms  Mrs  Dr  Other

First Name

Family Name

OF

Company/organisation

certify that I am a structural or civil engineer as defined by the “Policy” and I have prepared the below listed structural documents in accordance with the recommendations given in the site classification report:

Title of site classification report

Development Site Address

Author

Dated

List of Structural Documents

I am aware that the certifying authority will rely on this declaration in granting a construction certificate for works to which the above design documents and site classification report relate.
